**B**ased in Neulingen and Bretten in Baden-Württemberg, Germany, VPT GmbH & Co KG has been active in the field of event and production technology as well as in stage and trade fair construction since its foundation in 1997.

Whether technical or decorative stage construction, trade fair construction, light and sound technology, advertising, mobile offices or large tents with catering: We are happy to assist you as a full-service partner or with individual areas.

We have a team of 10 employees and over 30 freelancers whose qualifications range from metalworkers, carpenters and event technicians all the way to masters in event and stage management. Our competent trained personnel are always ready to assist you in word and deed.

A great advantage for being able to react to all requirements as quickly as possible is our in-house vehicle fleet with over 25 vehicles, from our small 2.6 tonne. van to 24 tonne swap body trucks all the way to our large 40 tonne trailer truck.

All preparations are carried out in our in-house workshops, including a carpenter's workshop, a metalworking shop and a paint room. In addition, we have storage capacities with a total area of approx. 4,000 m<sup>2</sup>.

We will support you with our extensive service spectrum from the planning to the execution of your event. Find out about our many years of experience in the planning, implementation and technical handling of national and international events for yourself.

We look forward to hearing from you!

Your VPT team

Holger Scherb  
CEO

# Technical stage construction

# Commentator booths

Interpreter booths

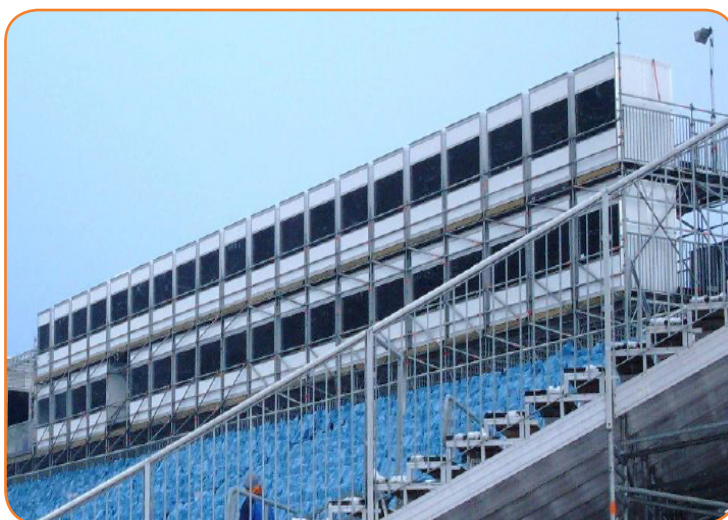

- 60 booths 180cm x 200cm
- 70 booths 150cm x 200cm
- 50 booths 150cm x 150cm
- Internal height 210cm
- Can be used as single, double or multiple booth
- Sound insulation

Biathlon World Cup  
Ruhpolding 2012

29 booths,  
some with two-storeys

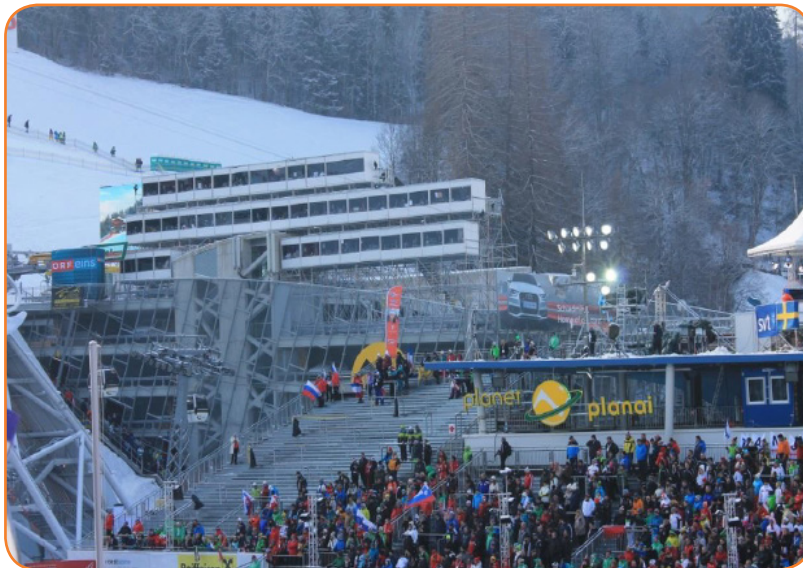

- Interior furnishings: table, chairs, waste-basket, table lamp
- Heating or air conditioning
- Interior blind against sunlight on request

Alpine Ski WC 2011  
Garmisch-Partenkirchen

39 commentator booths on a  
Layher two-storey

Thanks to the special statics of each individual booth, up to 4-storey structures can be realised - with a considerable reduction of the scaffolding sub-structures required.

Alpine Ski WC 2013  
Schladming

42 booths,  
3-floor

- Each booth is equipped with a cable duct and a cable feed-through
- Monitors and audio/video cabling on request

Alpine Ski WC 2013  
Schladming

42 booths,  
3-floor

# Glass studios

- Variants from 4m x 4m to 10m x 8m possible
- Completely seamless glass façade
- 2m glass panes per side as standard
- Complete glazing of studio side on request

Prague International Match  
ARD

Studio 5m x 5m  
Layher substructure

- Integrated lighting rig truss FD34
- Front panes placed at an angle for reduced reflection effect
- ND panes for fast replacement available on request

Prague International Match

Studio 5m x 5m  
Layher substructure

- Can be used both indoors and outdoors
- Can be set up on almost any surface
- Can be built on step or slope compensations or on substructures up to a height of 6m

Ski World Cup 2010  
Innsbruck  
Studio 5m x 5m  
Step compensation

- On request with heating or air conditioning
- Internal height choice of 3.20m or 3.50m
- Pre-constructed balcony or ambulatory on request

Biathlon WC  
Alpine Ski WC  
Val D'Isere

Studio 8m x 8m  
3-sided glazing

Alpine Ski WC Garmisch-Partenkirchen 2011 5 glass studios

- Stability certificates and blueprints available
- All materials flame resistant acc. to DIN 4102 B1

Olympic Winter Games 2010 Vancouver ARD/ZDF - Olympiastudio

- Together with our logistics partners, we can handle international orders at any time.

## Examples of our previous work:

- Moscow
- Dubai / Abu Dhabi
- Beijing
- Vancouver
- Washington

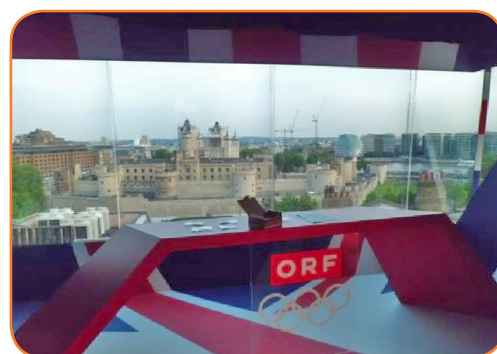

Olympic Games Vancouver 2010  
Studio 8m x 8m on hotel roof

ZDF International Match, Cardiff  
Studio 6m x 6m

ZDF International Match, Cardiff  
Interior view

Olympic Games London 2012  
View from the ORF studio

# Camera platforms

- Platforms available in a wide variety of designs and heights
- Made from TÜV-certified materials
- Büttec standard aluminium platforms
- Layher event and Allround scaffolding
- Mero scaffolding material 42 M12
- Truss material - FD34

Alpine Ski WC  
Garmisch-Partenkirchen 2011

Crane platform  
5m x 5m x 3-5m

- All platforms include stability certificates
- All platforms include structural analyses
- Roofing and weather protection on request
- Branding in the scope of the structural analysis also possible

Alpine Ski WC  
Garmisch-Partenkirchen 2011

Camera platform 2m x 2m x 8m  
with 3m overhang

Ski World Cup  
Willingen 2010

Mero tower 6m x 6m x 2-16m

Ski World Cup  
Lillehammer 2011

Bütec slope compensation  
2m x 2m x 0-1.6m

# Presenters' platforms

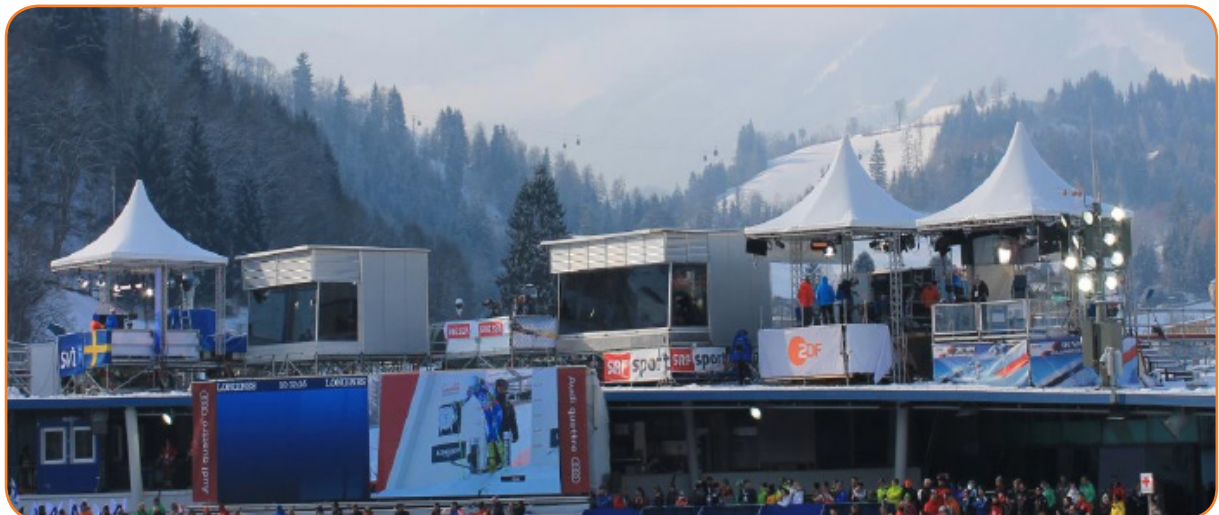

Our challenge is to offer you the best possible solution for your project at any time, starting from professional consulting and ending with a punctual, cleanly executed implementation of the commissioned tasks.

Papal visit in Freiburg  
2011

Platform 18m x 4m x 3m  
With truss roofing and steps

- With or without roofing
- Lighting rig for lighting and technology
- Individual branding on request

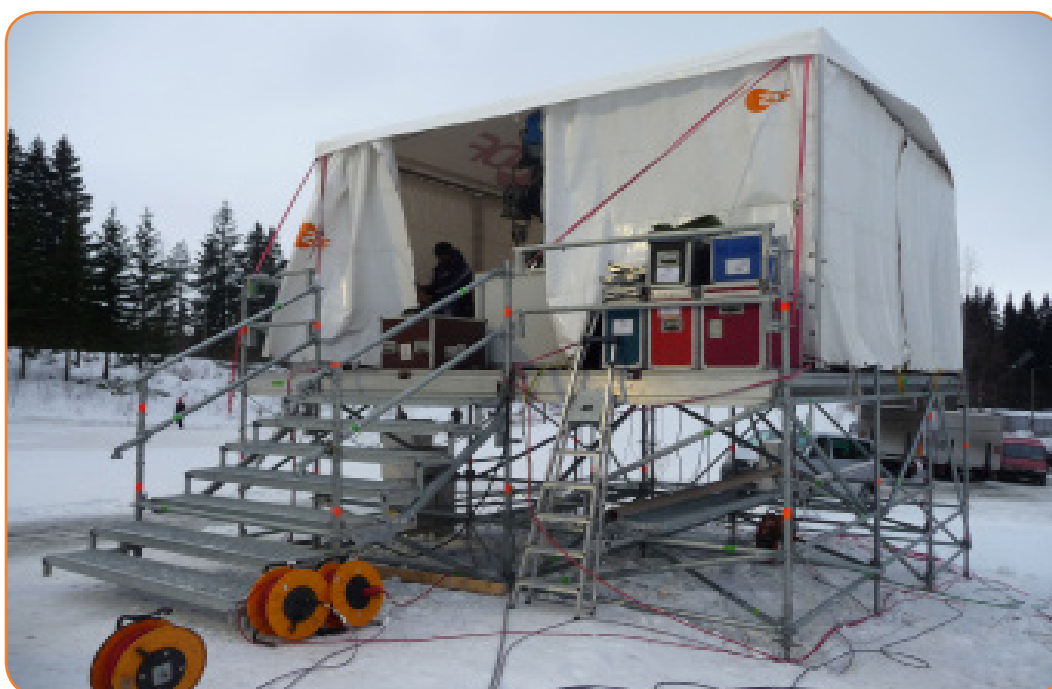

Alpine Ski WC 2013 Schladming Various presenters' platforms in run area

Ski-Jump World Cup Zakopane 2006

Presenters' platform 6m x 6m x 4-5m

Ski-Jump World Cup Kuopio 2009

Presenters' platform 5m x 5m x 2-3m

# Event scaffolding construction

**T**hanks to our modular scaffolding systems, we are capable of mastering almost any situation. We will always find the right solution for your event.

- Platform substructures (also multi-storey)
- Modular stair systems
- Scaffolding and cable bridges (also walkable)
- Weather-protection roofs
- Catwalks/runways
- Special constructions

## Scaffold substructures (also multi-storey)

All scaffolds with:

- Drawings
- Stability certificates
- Structural analyses

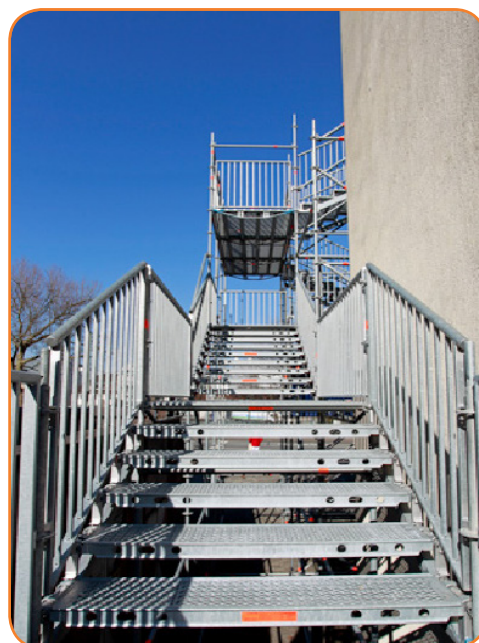

## Modular stair systems

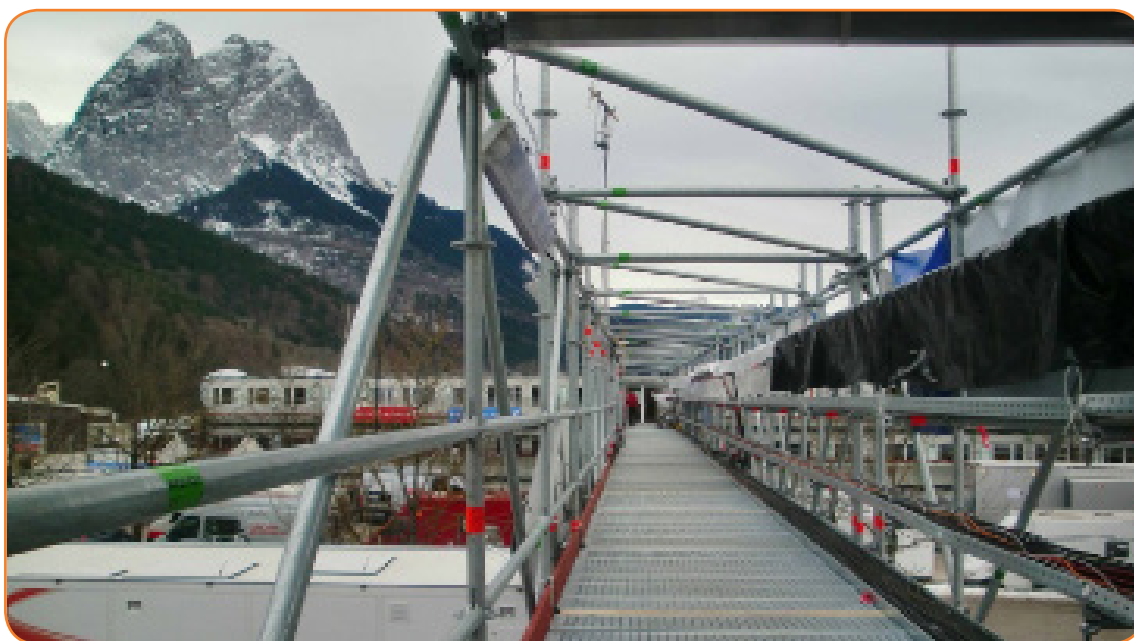

Alpine Ski WC Schladming 2013

Alpine Ski WC Schladming 2013

## Scaffolding and cable bridges (also walkable)

Alpine Ski WC Garmisch-Partenkirchen 2011

36 m long pedestrian bridge with 3 cable ducts erected on 3 stamps

## Weather-protection roofs

Weather-protection roofs consist of a truss construction which is either covered over with cartridge roofs or suspended with keder tarps.

## Special scaffolding constructions

Whether suspended from a hall ceiling or standing in water: We will always find the right solution!

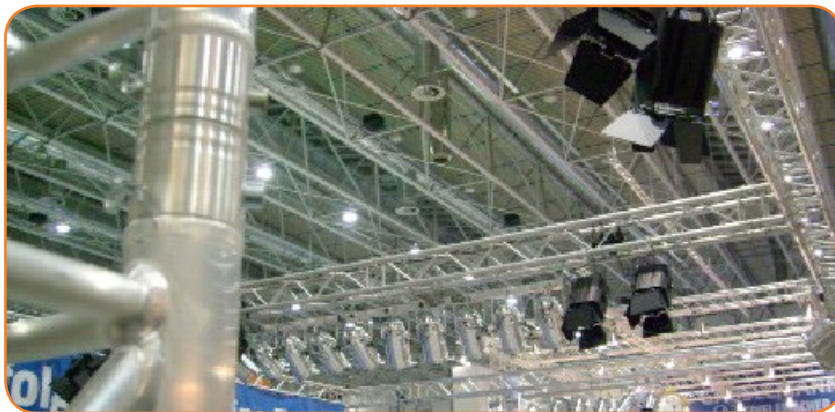

# Trusses & Rigging

## For all your event needs...

Today, the event sector can no longer be imagined without versatile aluminium trusses and their suspensions. Either for fastening the technology used or for stabilising stage or other structures.

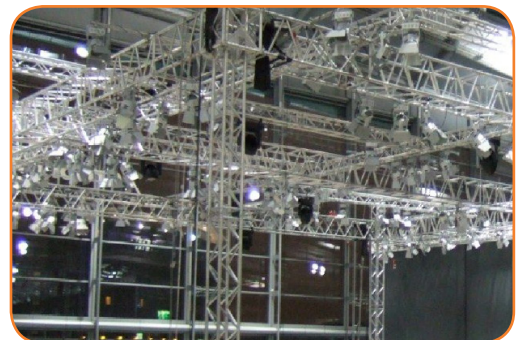

With our **full service**, which ranges from consulting to planning to the execution of complete truss and scaffolding structures, we are the ideal contact for **perfect rigging solutions**.

We prepare the required drawings, structural analyses and load tables for you.

## We supply truss systems in all lengths and designs:

- 2-point, 3-point, 4-point trusses
- Heavy-duty and folding trusses
- Truss towers
- Truss lifts
- Circular trusses
- Chain hoists and motor chain hoists
- Sling gear, safety rope

# Grandstands

Together with a cooperation partner, VPT offers grandstands in different designs and sizes. Thanks to their modular design and versatility, grandstands can be realised for almost any demand.

## Our products and services:

- Grandstands
- Seats
- Platforms and media towers
- Stair systems
- Numbering systems
- Roofing
- Cladding
- Barriers

The structure is planned and realised according to your wishes and requirements. Together, we will work with you to find the best and most affordable solution for you. **Our motto: Making the impossible possible.**

We will coordinate the set-up and dismantling times together with you.

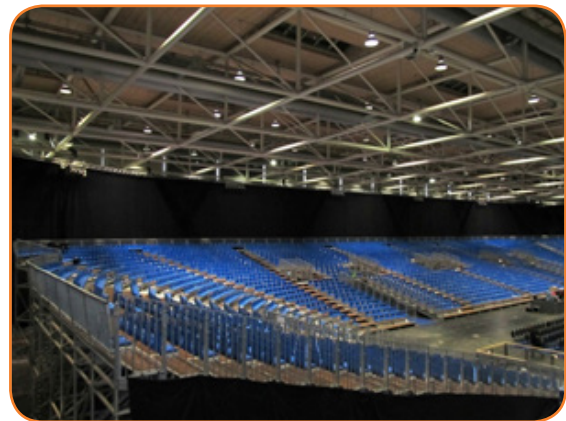

## Our services

- On-site consulting
- Technical drawings of grandstands
- Full project support
- Support during event on request

We have both shell-type seats or chairs.

Our multi-coloured shell-type sheets allow the grandstands to be split up into different sectors or to fashion letters of the alphabet.

The staircases can rise from the front, from the rear, or through 'portals'.

# Event stages

**Stages that mean the world!** Whether classical or modern, large or small, restrained or imposing - we will optimally accentuate the highlights of your event.

In close cooperation with our partners, we will equip you with the ideal stage.

## Truss Stage

Space-saving, individual and flexible - ideal wherever space and budget are limited.

	Min	Max
Total stage depth	4.14m	6.21m
Total stage width	4.14m	8.28m
Usable area	4.14 x 4.14m	6.21 x 8.28m
Clearance	3.40m	3.90m

## Lifting Roof Stage

Large, strong and versatile - an all-rounder thanks to its modular design.

	Min	Max
Total stage depth	7.81m	10.36m
Total stage width	9.18m	22.79m (5m side wing)
Usable area	8.28 x 6.21m	12.42 x 10.36m
Clearance	5.10m	10.40m

## Tower Stage

Open and elegant, cladded and imposing - with high variability in appearance.

	Min	Max
Total stage depth	10.50m	10.50m
Total stage width	10.50m	24.84m
Usable area	8.28 x 8.28m	12.42 x 8.28m
Clearance	6.50m	6.50m

## Stage Car III

For occasions requiring a quick solution: 1 hour set-up time only.

	Min	Max
Total stage depth	4.00m	6.00m
Total stage width	8.90m	8.90m
Usable area	4.00 x 8.00m	6.00 x 8.00m
Clearance	3.80m	4.20m

## Round Stage Classic

Technically optimised stage in a classical design.

	Min	Max
Total stage depth	4.90m	9.00m
Total stage width	6.21m	11.83m
Usable area	4.14 x 4.14m	9.76 x 8.28m
Clearance	4.50m	6.40m

## Round Stage Premium

Impressive roof load in an exclusive design.

Total stage depth	15.64m
Total stage width	19.62m
Usable area	12.50 x 16.50m
Clearance	9.50m outside, 14.00m gable

## Polygon Stage

Spectacular design - unique atmosphere.

	Min	Max
Total stage depth	6.21m	∞
Total stage width	5.90m	16.50m
Usable area	8.00 x 6.00m	15.00 x 12.00m
Clearance	-	8.90m

# Tent construction

Event tents . . . . .	34
Copula tents - domes . . . . .	37

# Event tents

Veranstaltungs- und Produktionstechnik

**W**e at VPT work together closely with our partner to give you the right tent for your event every time. From the large selection of tent dimensions, from the smallest part or pagoda tent with a span width of 4 to 8 m all the way to the 20 m wide, length-variable large tent, you are sure to find the right setting for your event.

Professional services ranging from competent consultations - by phone or on location - to the 3D visualisation of your event all the way to smooth set-up and dismantling processes. Our experience and high quality as well as our use of innovative technology will assure the success of your event.

## Our product range

- Multi-light tents 4 x 4m / 5 x 5m / 6 x 6m
- Party and pagoda tents 4 to 8m
- Pyramid tents
- Transparent tents
- "Rondo" round tents with diameter up to 30m
- Large tents with span width from 10m to 20m, length up to 90m
- Storage tents

We will also organise your full interior furnishings, from modern to exclusive to rustic - entirely in accordance with your individual wishes.

- Banquet or lounge
- Full range of furniture - interior
- Event technology, lighting, sound
- Headlining and entrance portals
- Dance floors or other floorings
- Stages or podiums

Our heating and air-conditioning systems create the right temperature all year round.

# Copula tents - domes

A unique atmosphere! Together with our cooperation partner, VPT can offer you domes/cupola tents in different sizes for your events and will take charge of all logistics - from planning to set-up and dismantling to fully furnishing the tent.

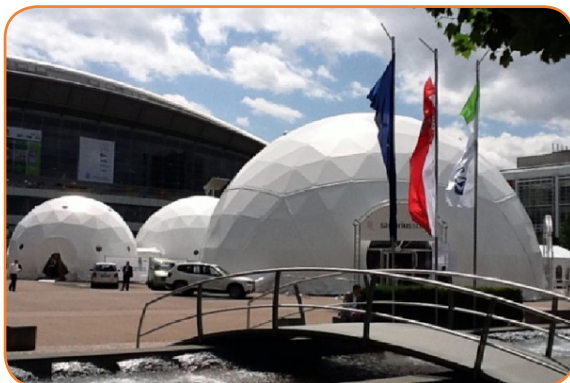

Whether for presentations, exhibitions, concerts, sporting events, road shows or trade fairs. Our products can be adapted to your individual requirements and wishes.

The tent membrane is also available either partially or completely transparent.

## The following tent sizes are available:

20m<sup>2</sup> / 30m<sup>2</sup> / 45m<sup>2</sup> / 75m<sup>2</sup> / 150m<sup>2</sup> / 300m<sup>2</sup> / 500m<sup>2</sup>

**A 1,000m<sup>2</sup> tent is in preparation and will be available soon.**

The various domes can be connected together via tunnels, resulting in a total work of art for your event - a world of experience.

Connection tunnels between the domes

Design of the interior

We supply all interior furnishings.

Event technology from lighting and sound to large-area projections, even over the entire dome. Everything from one source to guarantee the smooth execution of your project.

By combining different domes, you can create gigantic dome complexes.

## Customised tent printing

For customisation purposes, the dome membrane can also be completely printed. The design possibilities are virtually endless. Your outdoor advertising, corporate design or atmospheric images can be printed on the inner or outer surface of the dome, to name some examples.

# Decorative stage construction

We design, plan and implement decorations entirely according to your ideas and wishes in our in-house workshops.

Olympic Games Beijing 2008

ZDF Olympiastudio - Replica of a pagoda and a Chinese garden

## Our products and services include:

- Project visualisations in 2D and 3D
- Set construction for TV series
- Film sets
- Show decorations
- TV and studio decorations
- Event decorations
- Exhibition construction
- Model construction
- Artistic painting
- Store and counter construction

Olympic Games  
Beijing 2008  
Detail of Chinese garden

With our experienced team of stage managers and craftsmen, carpenters, metalworkers, decorators and painters, we offer you a **full service package** for decorative construction.

RTL boxing

Entrance area for boxers

# Trade fair construction

**I**n trade fair construction, you will find in us a competent partner with many years of experience. Regardless of whether you want conventional stands or system stands: With us, you're in good hands.

Leipzig Book Fair

- Planning & project management
- Project visualisations in 2D and 3D
- Trade fair stand construction - ideas, design & conception
- Trade fair construction for international projects
- Exhibitions, conventions, conferences

Leipzig Book Fair

- System stands
- Conventional trade fair stands
- Twin-storey stands
- Customised constructions according to customer specifications
- Display stands
- Tent/stage construction for trade fair stands
- Rental furniture
- Special constructions

## Graphics & Design

- 3D visualisations for indoors and outdoors
- Complete layout concepts/print media
- Project-related photography
- Corporate videos, trailers and animations in 2D/3D
- Graphic design, digital prints, foil cutting, plots

Basel Jewellery Fair

## Full Service

- Full international logistical project management
- Technical equipment (networks, light and sound technology, video presentations)
- Complete coordination with trade fair location on request
- Personnel service (hostesses, security, etc.)
- Rental furniture from barstools to lounge furniture
- Food and catering organisation
- Storage of trade fair stands

## Installation of trade fair structures

- Logistics for installing trade fair structures or products on an international scale
- Systems: Octanorm, Maxima, Mezzo, Mero Advantec, Syma etc.
- Customised constructions according to customer specifications
- Store and counter construction
- Tent construction
- Stage and decorative construction

# Event management

## Conception - consulting - planning - organisation - equipment - execution - follow-up

Whether you would like to book the full "all-round care-free package" or only require support for individual aspects of your event: VPT gives you the choice. We will draw on your ideas and wishes to design the right concept for you - individually and flexibly.

Be a guest at your own event! Take time for the important things: Enjoy the event together with your guests. We will take charge of all the steps, from planning and organisation to execution to follow-up.

The perfect atmosphere, the right event programme, tasty catering, a smoothly running work flow and qualified personnel. We act discreetly in the background, yet pull all the strings actively, resulting in a perfect interplay of all groups involved. Virtually invisible, yet always on the spot in case you should have any wishes.

## We offer the full service spectrum from one source:

Ideas, consulting, conception, planning, execution, project management, catering, tents, equipment, fire-fighting services, laser shows, staging, entertainment, presentation services, decoration, heating/air conditioning, human resources, logistics and whatever else you desire. Our planning is based on the state of the art as well as on applicable laws and regulations.

From private celebrations to large functions, whether rock concerts or gala evenings, trade fair presentations or road shows: We design a concept to harmonise with every occasion.

And of course we also take care of all the "side issues": permits, participant and guest management, advertising and marketing activities - all entirely in accordance with the wishes of our customers.

Services geared to the customer are important to us: A contact person will always be there to assist you and is happy to hear your wishes and suggestions at any time.

# Lighting technology

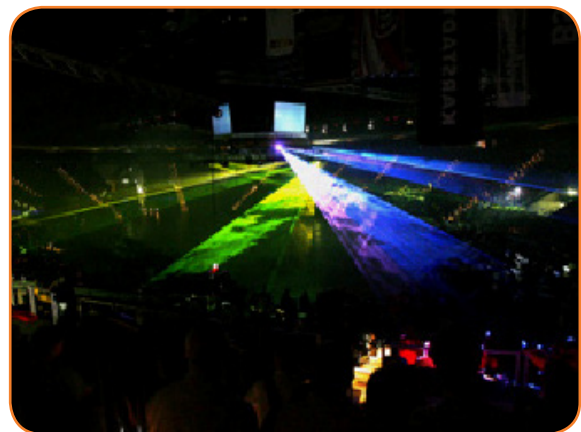

The right light is an essential part of any event, whether for TV, film, trade fairs, conferences, shows, company celebrations or atmospheric architectural lighting.

## Light creates atmosphere

With our equipment and our experience, our light designers always create the right mood, regardless of the purpose.

- Light design and effect lighting for shows, concerts, theatre, presentations, trade fairs, events
- Fresnel spots (daylight/tungsten) up to 12 KW
- Horizon and surface lights
- Colour changes, scanners and moving lights for moving light
- Profile spots up to 2.5 KW
- Reporter lighting

- Spotlights up to 2.5 KW HMI and tungsten
- LED spots for ambience and shows
- LED projectors, wash lights and strip lights
- Architectural lighting for buildings and squares
- Light control panels and dimmer packs
- Low-voltage lights, fluorescent surface lights (RGB)
- Effects equipment such as fog and wind machines
- Gobo projectors for shows and advertising

# Sound technology

**H**igh speech intelligibility and a clean sound are vital requirements for the success of an event. With our state-of-the-art sound technology, we can set both quiet and loud tones. The occasion always dictates which equipment will be used.

A corporate event or a conference has different sound-engineering requirements from a trade fair or a rock concert. From tiny rooms to stadiums: **We find the right solution for every occasion.**

## Our range of products and services includes the following

- Sound design
- Digitally controlled loudspeaker systems
- High-performance loudspeakers for major events
- Microphones from leading brand manufacturers
- Cordless microphones and in-ear systems from Sennheiser
- Digital and analogue mixers/monitoring
- Audio processors, power amplifiers, playback systems and professional effects equipment

# AV technology

**A**t VPT, you have access to products from all areas of media and conference technology. Our products range from high-quality projectors to displays, room control systems and audio solutions. We are happy to assist you in making the right selection of professional media technology to suit your applications.

- Video, data and large-screen projectors for optimized presentations in a wide range of formats

- LED systems, monitors and split walls, as well as LCD and plasma screens

- Professional control, playback equipment and media servers
- Modern cameras and completely equipped editing suites for reliable transmission of images online
- or for post-production in other media - also for documenting presentations
- Mobile editing suite

# Graphics, Design & Branding

**V**PT designs and produces your presentations for trade fairs, exhibitions and events. We print on a wide variety of media, such as aluminium, glass, metal, plastic, paper, foils and textiles.

## Our service range:

---

- Information and consulting
- Media design
- Colour management
- UV direct printing plus white
- Glass printing
- Sublimation printing on textiles
- Lamination, finishing
- Cutting, creasing, milling, decoupage
- Textile finishing
- Painting
- Cutting technology
- Vehicle linings
- Presentation systems
- Set-up and assembly
- Photography

We offer you integrated order processing, from planning to realisation.

# Mobile offices

Space solutions

With its office vehicles, VPT offers you a mobile working space from 16 to 60 m<sup>2</sup> for your production or your event. From office trailers with 16 m<sup>2</sup> to free-standing containers with 2 compartments and 32 m<sup>2</sup> all the way to large office trailers with 60 m<sup>2</sup> of space - nothing is left to be desired.

Regardless of whether it's for production or editing, as a make-up room or as a retreat area for VIPs: You can use our vehicles (*almost*) anywhere.

## We can offer you the following vehicle versions:

### Office Trailer 1

- **26 m<sup>2</sup>** office space
